SMB cash flow challenges

"SMBs are often left waiting for payment, with only 33% reporting they get paid immediately (mostly those selling goods in-person)"

"10% of respondents say they have had to chase down a customer payment for 181 days or longer"

"12% report they have come to expect it will usually take one month or longer after requesting payment to collect from customers"

"Small business owners are making frequent trips to the bank - 58% of survey respondents visit their bank on a daily or weekly basis to deposit cash or checks"
